## Hungarian Workers Quit After Arrests

BUDAPEST —UP— Hungary's workers partially extended their nationwide general strike today in reprisal for the arrest and threatened execution of two top labor leaders.

The 48-hour general strike was scheduled to end at midnight (6 p.m. EST) Wednesday. There was a brief return to work in several Budapest factories. But almost immediately the workers stormed out of the plants again in protest against the arrest of Sandor Racz and Sandor Bari, two of the strikers' top leaders.

Racz, president of the Central Budapest Workers Council which called the general strike, and Bari, his right-hand man on the council, were arrested yesterday.

The arrests were announced in a police communique broadcast by Budapest Radio last night. The same broadcast announced an addition to the martial law decree under which all offenders were liable to the death penalty.

Throughout Hungary it was believed Racz and Bari would be the first to be hanged as

'counter-revolutionaries' under the martial law decree.

Bacz and Bari had been safely hidden in striking factories until a government invitation summoned them to the parliament building to "negotiate."

## Levittown Party Set For Orphans

School Youngsters To Be Guests Dec. 23 Of Legion Auxiliary

A huge Christmas party is in store for youngsters from Scotland School, the American Legion home for orphans, when they arrive in Levittown.

Highlight of the party, to be held Sunday, Dec. 23 at the immaculate Conception Church social hall, will be a one-hour show presented by the Coyne Dance Studio of Croydon. The variety type show will feature 30 youngsters from the studio. Reedman Motors, Langhorne, is sponsoring the affair.

Mrs. Edward C. Stiver, 120 Gable Hill road, Golden Ridge, is general chairman of the party given by the Ladies Auxiliary of American Legion Post 960.

### Beyond Expectations

What started out to be a plea for several families in Levittown to take youngsters into their homes during the holidays, mushroomed beyond all expectations.

Levittown American Legion Memorial Post No. 960 and Command Post No. 932 issued the call in an article in the Courier and Times several weeks ago.

Originally, Dr. Willard Stevens, superintendent of the school, asked Royce Bennett, 77 Gable Hill road, Golden Ridge, past commander of the post, to place a family of seven in homes for the holidays.

Over 600 calls were received (Continued on Page 3, Col. 3)

## Jack Robinson Is Sold To N. Y. Giants

Pitcher And Cash Given In Exchange For Hero Of 'Bums'

NEW YORK — UP — Jackie Robinson, one of the greatest heroes in Brooklyn Dodgers history, was traded to the New York Giants today for pitcher Dick Littlefield and an undisclosed sum of cash estimated at \$50,000.

Giants Manager Bill Rigney said he was "elated." He announced that the greying 36-year-old Robinson will play first base for the Giants next season.

A Giants spokesman revealed that President Horace Stoneham of the Giants and Walter O. Malley of the Dodgers "closed the deal" at the recent major league meeting in Chicago but the announcement was withheld because the executives wanted to reveal the news to the players first.

Robinson, first of his race to play major league baseball, thus will bring his fiery talents to the team against which he battled hardest during his spectacular career. A star performer for the Dodgers since 1947, Robinson carried on a constant feud with former Giants Manager Leo Durocher and always seemed to play his best against the Giants.

## Twp. Board Seeks Action On Highway

Commissioners Ask Gov. Leader To Speed Expressway Work

The Bristol Township Board of Commissioners last night voted to ask Governor Leader to "expedite and clarify" the proposed Delaware Expressway.

On a motion by Commissioner Albert H. Rogers, the board voted unanimously to ask the governor to speed construction of the highway which would connect Lower Bucks County with Philadelphia.

At the same time, several commissioners expressed concern over the route of the proposed expressway. Commissioner Eugene Kehoe said there are four routes under consideration, with at least one passing directly through the heart of Croydon. "We should ask the Governor to explain the route as soon as possible so we can allay the fears of the residents in the area," Kehoe said.

### Request Exit

In other actions, the board voted to request an exit on the New Jersey side of the new Turnpike bridge over the river. The secretary was directed to write letters to the Pennsylvania Turnpike Commission, the New Jersey Turnpike Authority and the joint commission which operates the bridge, asking that the exit be erected.

Bristol Township Commissioner Harold Lefcourt, chairman of the Safety Committee, uses the police radio he has installed in his car. The Board of Commissioners last night authorized any commissioner to install a radio in his car at his own expense. ## Lower Bucks Gets New Adult School

As an outgrowth of an international relations course at Pennsylvania High School, Lower Bucks County will be the scene of an adult education school.

The new Institute for Adult Education, under sanction of the William Penn Center, will be a non-profit, privately controlled educational center for higher education. It will offer admission to all men and women genuinely interested in adult education, explained Marius Livingston, 40 Openwood lane, Levittown, director of the school.

The institute will offer courses on two levels, college and high school.

Courses on the college level are organized into a planned program which will last two years with a

## Cold Snap Bodes Snow Or Sleet

A cold snap tonight changing this afternoon's rain to sleet or snow should make driving conditions very hazardous, the Weather Bureau at Trenton said this morning.

Today's forecast is for cloudy and mild with temperatures drifting into the high 50's.

As the thermometer goes down towards evening the rain will change into sleet or snow. The weatherman indicated that little accumulation is expected if it does snow.

## 'Political Baloney,' Kraus Says

By GORDON PARKER  
Courier and Times Staff Writer

Bristol Township Commissioner Rudolph Kraus was accused of illegally working on a township storm sewer project and removed from the highway committee last night by Board President Edward A. Wiler.

Rudy Kraus' removal was just one of a series of dramatic events which shook the Board of Commissioners. In other actions Gilbert J. Kraus, resigned as township solicitor, and Wiler removed two other commissioners from all committee posts. The solicitor's resignation is effective Dec. 31.

In announcing the removal of Commissioner Rudy Kraus, Wiler said Kraus "may be subject to ouster" from the board because of his job. Wiler explained that Kraus' firm, the Industrial Construction Corporation, repaved a number of streets torn up by the installation of the Croydon drainage ditch.

The township gave the contract for the project to Luther Mason, of Holland, Pa. Kraus worked for Mason under a sub-contract.

Rudy Kraus promptly branded the charge as "political baloney" and said he had a right to do the work. He added that he worked as a sub-contractor for the firm which laid the pipe. The work involved amounted to \$1000.

Rudy said he would fight Wiler's action. After the meeting he said he would "seek legal advice to see what I can do. My integrity has been questioned."

Rudy Kraus, a Croydon Republican ran unsuccessfully for the State Assembly in last November's election.

### At Kohli's Request

Wiler also announced that he was removing Elbert J. Kohli, Levittown Democrat, from all committee posts at his request. In addition Albert H. Rogers was removed from his two committee chairmanships.

In announcing the changes Wiler said "It is time for a new code of ethics on this board, call it the Wiler Code if you want, but I feel that on man should vote on any project in which he has a financial interest or which might affect any of his interests."

### Letter Read

Wiler read a letter from Kohli in which the commissioner asked arrangement be made for "my temporary withdrawal from activities on various committees." Kohli said he made the request because "my pending legal action against the libelous allegations directed against me by officials of Levitt and Sons, Inc." requires a great deal of time and effort.

William J. Levitt, head of the Levitt firm, has accused Kohli of attempting to blackmail him in an effort to obtain a contract for electrical work on Levittown (Continued on Page 3, Col. 8)

## Board Votes \$200 Raise In Township

Bristol Township Commissioners last night voted a \$200 pay raise for their successors.

The present commissioners receive \$600 a year, Edward A. Wiler, president of the board, explained that under the township code the commissioners can receive \$80, based on the census of 1950.

Actually, based on today's population, Wiler said the commissioners are eligible for \$1200 a year.

None of the present commissioners would benefit by the pay (Continued on Page 3, Col. 1)

## Pickets Shut National Tube Over Worker's Dismissal

The National Tube Division plant of the U. S. Steel Fairless Works was shut down today in a wildcat strike. The main central operations of the Fairless Works appeared unaffected by the walk-out.

Pickets at the Fairless Works gates, identifying themselves as members of Local 3030, AFL-CIO United Steelworkers Union, stopped all approaching cars and trucks. Only those headed for the National Tube plant were turned away, with others allowed to proceed.

The Division employs about 1000 persons, and would have been manned by some 350 for today's shift if the strike had not occurred. Some 200 union members met this morning at the hall on Union street, Morrisville. Neither the presiding officer nor those participating in the meeting would discuss the strike with a reporter.

The walkout apparently began (Continued on Page 3, Col. 5)

## Good Evening!

UN cracks down on Russia.

A momentous occasion, it was, when the Assembly voted overwhelmingly on a United States-backed resolution condemning the Soviet's terror reign in Hungary, demanding that Moscow withdraw its armed forces from the freedom-hungry nation.

It may take time and patience but it begins to appear inevitable that ultimately the whole world will lower the boom on the Kremlin's outlaws.

Meantime, have you caught the significance of a couple of pretty important things happening right in our own back yard?

The federal government approves the Delaware Expressway from the Walt Whitman bridge to Morrisville and deepening of the Delaware river channel is already in its preliminary stages.

Those two great projects will mean much to Bucks county. Five years hence you'll know better what we mean.

Well, we see where 14 convicted Philadelphia murderers are asking the State Pardon Board for their freedom.

Don't bet a single nickel they won't get it, considering the awful performance of the Pardon Board during the past two years.

And Rudy Kraus is removed from the Highway committee of the Bristol township board of commissioners because of his firm's interest in township road work.

That seems a proper action by the commissioners and if it is motivated purely by respect for propriety and ethics then they deserve a little salute from the public.

If you don't believe there's a Providence, just watch some of today's automobile drivers and try to figure out what saves 'em.

Sometimes we think that a man who asks his wife for an opinion on anything just isn't paying attention.

Watch your driving.

Plans Slated For March Of Dimes

Preparing to launch the 1957 March of Dimes campaign in Bucks County, the county chapter of the National Foundation for Infantile Paralysis today announced that it is paying for the medical and physical therapy treatment for three Lower Bucks residents stricken with paralysis, the only cases to occur this year in the county.

John Justus Bodley, assistant district attorney, will head the March of Dimes drive to be conducted in January.

**Back In Pulpit**  
Mrs. Joseph Howe, executive secretary of the County Chapter, said the Rev. Thomas McInnes, 29, pastor of the First Baptist Church of Newtown, has returned to the pulpit after being a patient at Lower Bucks County hospital. He was affected in the throat, and is still receiving therapy.

**Eight - year - old** Gordon Ennis, son of Dr. and Mrs. Gordon J. Ennis, Pennell, is receiving treatment in Trenton Orthopedic Hospital. The boy's parents are both osteopathic physicians.

**George M. Lovnes, 35,** of Newtown, receiving physical therapy at Abington Memorial Hospital, is able to come home weekends, Mrs. Howe said.

**Drop In Cases**  
Citing the three cases as the only paralytic polio cases to break out so far this year in Bucks County, Miss Melvina Palmer, nursing director of the Bucks County Health Department, said there were 12 in 1955. The drop was attributed to the use of Salk vaccine.

**"Contrary to common belief,"** Mr. Bodley said, "the March of Dimes is still a necessity, especially when considering that three polio cases were reported. The National Foundation for Infantile Paralysis has informed the nation that there is more than a sufficient supply of Salk vaccine for all," Mr. Bodley said. "Have you had your vaccine shots?"

Car Rammed On Route 13

A Langhorne man looking for his glasses in the glove compartment of his car rammed the auto in front of him on Route 13 yesterday.

Bristol township police reported that Lester Pease, 49, of the Liberty Bell Trailer Park rammed the rear of the car of William Lamont, 37, of Huntingdon Valley near Cedar avenue.

Pease told police that he leaned over to take his glasses from the glove compartment of his car. As he did this, he explained to police, the light changed and he couldn't avoid hitting the car in front of him.

Police reported damage to Lamont's car was \$150 and damage to Pease's car was listed as \$100. Lamont received a summons for reckless driving. Neither driver was injured.

Board Salary

increase unless reelected to another term, Wiler explained. The first commissioners to get the raise will take office in 1958.

The pay raise was passed by a 9-1 vote with Commissioner Albert H. Rogers voting against it and Fred K. Hibbs abstaining.

In January of 1954 an incoming Board of Commissioners attempted to raise the pay; however, the action was later ruled illegal. Since that time more members have been added to the board and many of the old members have been replaced.

Seeing Levittown

By JIM ORT

One for the books! Five-year-old Kenny Kershaw, son of Mr. and Mrs. Samuel E. Kershaw, 91 Bluebridge drive, a kindergarten pupil at the Levittown Kindergarten and Nursery, the other day asked his teacher how old she was. She replied, "I'm 25 years old." Kenny said, "You don't look that old." Her face brightened up, until he continued, "You look only 35."

Parishioners of St. Joseph the Worker Church are in the process of erecting a life size nativity scene in a stable in back of the Rectory on the Newportville-Fallsington road. The display will be completed by Saturday afternoon after which it will be open to the public every day from 9 a.m. to 10 p.m. until Jan. 6. Life size mannequins, colorfully dressed and life sized animals will be used in the display. It should prove to be very beautiful, especially in such a natural setting.

**No fish story!** V. J. Sheesley, 63 Noblewood lane, North Park, shot a 180-pound buck last week in Center county. Plans are to have the head mounted.

Seems that those attending the Levittown Players first presentation of "Three Men on a Horse", tonight can't help but pick a winner. Informed sources tell us that the dress rehearsal left nothing to be desired. That plus the fact that tonight's performance is under the auspices of the Fairless Hills Kiwanis club for their underprivileged children's fund makes it a first rate bet for parlay players.

Phone Firm Cites Rates

The following is a statement issued by W. D. Gillen, president of the Bell Telephone Company of Pennsylvania:

"The 4.9 per cent increase in revenues allowed by the Public Utility Commission is grossly inadequate to enable us to provide our customers with the telephone service they need and want and for which we know they are willing to pay a fair price.

"Therefore, to keep faith with our customers in performing our service responsibilities, it will be necessary for us to obtain further increases in our rates at an early date.

"The \$13,400,000 increase in rates allowed by the Commission nets the company less than six million dollars after taxes.

"By any standard it must be obvious that our costs have gone up considerably more than 4.9 per cent since December, 1952, the date of our last rate increase. The wages we must pay and the cost of everything we buy have increased substantially more. Our dollars are the same kind of dollars that everyone else uses. They cannot be stretched to cover inflationary costs which are clearly in excess of the small increase in revenues allowed."

Runaway Girl Returns Home

Caroline Lindsay, missing for more than a week, walked into Bristol township police Headquarters last night and explained her runaway by saying, "I just don't like to go to school."

Chief John Stewart said the girl apparently had been driven to the police office and advised to report herself as found.

The 15-year-old Croydon girl, who lives at 1111 Fourth avenue, told police officials that she had been "staying with friends" since she was last seen Dec. 4.

Chief Stewart said the girl will be detained today and sent to Doylestown Juvenile Probation officer Catherine Steed for further disposition.

Mrs. Eunice Lindsay, the girl's mother, said this morning that she "was happy" her daughter had been found but knew little of the details.

Services Slated By Jewish Center

Regular Friday evening Sabbath services will take place at the Levittown Jewish Center Conservative Synagogue, 8.30 p.m. The services will be conducted by Rabbi William Fierwerker assisted by Cantor Louis Hershman.

Following the services, Onez Snabbat discussion group will take place. The topic will be "Religion in Public Schools." The discussion will center around encouragement of religious training in the church, school and home and joint Christmas and Chanukah celebrations in the schools.

Regular Sabbath services for adults will take place Saturday, 9.30 a.m. The children's service will begin at 10 a.m.

Laugh Lines Parlayed Into Play Hit

By BILL WINTERS

Courier and Times Writer

It looks as though the Levittown Players are off and running with a sure thing hit on a fast track in their 16th major production, "Three Men On A Horse."

In last night's dress rehearsal the cast parlayed a 1000 laugh lines into one big evening's chuckle as they worked out in a final tune up for three presentations to be given tonight, tomorrow and Saturday nights at the Little Theatre of the Walt Disney school, Lakeside section of Levittown.

Thoroughbred Field

Heading the proven thoroughbred field are George Hopkins, Frank Murray, Bob Buxton, Joe Cagno, Frank Lombardi, Alison Yates and Bob Mulligan, a new comer to area audiences by way of the Bronx and Burlington, N.J.

Also entered in the 15-cast field are Lucille Fedeli, George Bennett, Doug Bott, Ben Podolsky, Shirley Glickman, Paul Studnia, Millie Otto and Adolph Mall.

The three-act comedy is set in the halcyon days of 1935 when "two on the nose" was a lot of money but the "Three Men On A Horse" play it to the hilt as they live for the big moment when a long shot comes home.

Post time for all three performances is 8:30 p.m.

The play is under the able direction of Lydia Bogane, Players' "Oscar" winner for directing "My Three Angels" two years ago. She brings a wide background of theater experience to tonight's presentation that includes studying at the American Academy of Dramatic Art in New York and work with radio, television and the professional stage.

Yule Party

from Levittowners offering to take the children into their homes.

Bennett said today that a maximum of 75 children, ranging in age from six to 18, will be brought here. They will arrive Saturday, Dec. 2, on a bus furnished by Warren Worthington, of Browns lane, Croydon.

The central meeting place will be the Emilie Methodist Church, Emilie-Fallsington road.

\$161.20 Donated

At the present time, the legion posts have received \$161.20 in contributions toward defraying the expense of the bus service and the party.

The following donations were listed: \$50 from Robert Cameron, Newportville; \$35 from the Snowball Gate Women's Club of Levittown; \$20 from Michael Cianciosi, Landreth Manor, Bristol; \$16.20, extra funds from Legion Post No. 932; \$10 from Mrs. Temple, Levittown; \$5 from Monroe Bethman, 9th District Commander of the Legion; \$5 from Lou Iannucci, Bristol; \$5 from Mrs. James King, Bristol; \$5 from Mrs. Partrycki, Croydon; \$5 from Mrs. Henwood, Levittown; \$3 from Mrs. Rumford, Levittown; and \$2 from Louis Pike, Levittown.

Workers Quit

was reeling on its tough police state policy.

But as soon as the two men entered the parliament building, police placed them under arrest.

Meanwhile, Vienna reports said that fresh Soviet army divisions rolled into Hungary in open defiance of the United Nations.

The desperate strike of protest against the Kremlin-imposed government went on past its midnight deadline though Soviet tanks ringed the factories and the hated secret police began rounding up strike leaders.

The UN General Assembly condemned Soviet intervention Wednesday night and demanded it withdraw its troops. But Russia was reported rushing new troops into Hungary as fast as a single track Carpatho-Ukraine railway can carry them.

Few details were available, but best estimates in Vienna were that up to three new Soviet divisions had been ordered to bolster the 12 to 15 divisions already in Hungary.

Fears were expressed here that Russia no longer was treating the revolt as a minor rebellion but was ready to launch an all out military campaign to wipe out the freedom fighters and break the general strike.

There were no signs that it ended Wednesday night after a violence filled day in which strikers hurled grenades against Soviet tanks and Hungarian Communist police. Scores of dead and injured were added to the thousands who have died for freedom.

Lower Bucks Gets New Adult School

(Continued from Page One)

begin on February 4 of next year.

In revealing the formation of the school, Livingston, a teacher at Pennsbury High School, explained he recently taught a course in international relations at the adult evening school. When the class first convened, four persons were on hand. By the time the course was nearly completed, ten persons attended classes. At completion the students were so enthusiastic they wanted to continue under private instruction. Out of this incident came the idea for a community college.

The school will work closely with business firms in the area in offering courses related to various aspects of department operation.

Although the complete roster of teachers has not been completed a seven-man board of directors, including Livingston, has been organized and they will also serve as teachers.

On the board are: Walter J. Cobb, New Hope, recently returned from France where he served as educational advisor with the Philco Corporation; Andrea J. D'Angelo, Albert S. Harper, Arthur G. Krespach, David G. Sherman, all of Levittown; and Fordyce E. Thorne, of Yardley. All are teachers at Pennsbury High School.

The fee is \$16 for all courses meeting once a week for two hours for 16 weeks.

The school year will be divided into three semesters a year including summer school. The first will begin Feb. 4 and end May 25.

Regist. The first semester will be held from Jan. 28 to Feb. 1, at the William Penn Center.

Courses to be offered include: Accounting, bookkeeping, typewriting, business math, salesmanship, Spanish, elementary and advanced, French, French, French, elementary and advanced, modern French novel, 19th century

Falls GOP To Nominate

A report of the nominating committee for club officers is slated for a meeting of the Falls Township Republican Club tonight.

Nominations will also be in order from the floor at the meeting to be held in the Fallsington Elementary School, Fallsington, at 8:30 p.m., according to Michael Dorak, club chairman.

Election of officers will take place at the January meeting. The club is also planning a Christmas party for children of members to be held Saturday in the Fallsington School from 3 to 5 p.m.

The executive committee will meet at 7:30 p.m. tonight, preceding the general meeting.

Jack Robinson

(Continued from Page One)

Giant spokesman said, "We're delighted to have him."

Robinson played in 117 games for the Dodgers last season and compiled a .275 batting average. His value was somewhat deceptive when judged by those figures, however, because he had only 357 official at bats, collected just 10 home runs and drove in only 43 runs.

Robinson, a brilliant all-around athlete at UCLA, broke the majors' "unwritten color line" with the Dodgers in 1947. He was named Rookie of the Year that season and reached the peak of his career in 1949 when he led the league in batting with a .342 mark and also was named the circuit's Most Valuable Player.

Robinson played in six World Series with the Dodgers and also participated in six All-Star games against the American League. He has a lifetime batting average of .309 and hit more than 300 for six straight seasons, 1949 to 1954 inclusive.

Silver Lake Park Talks Scheduled

Plans for creation of a park in the Silver Lake area of Bristol township will be discussed in Doylestown tonight at a meeting of the Bucks County Park Board with representatives of Borough Council and the township commissioners.

Levittown Club Conducts Session

Officers and directors for 1957 of the Kiwanis Club of Levittown appointed committee chairmen and committee members at an organizational meeting held last night at Pennsbury Inn.

New officers of the club are Tim R. Fahey, president; Harry H. Powell, immediate past president; C. William VanTilburg, vice president; Paul P. Dickes, treasurer; and William J. Quinn, secretary.

The board of directors consist of William C. Bogane, Jack Halberstadt, John McEwan Jr., Francis M. Murray, Arthur M. Rawes, Albert J. Robertson, and Richard W. Vogel.

Youth Held On Charges Of Burglary

An 18-year-old Croydon youth was arrested by Bristol Township police last night on charges of burglarizing the Ritz Theater, Route 13, Croydon.

The youth, Richard Isbert, of 816 Pennsylvania avenue, admitted breaking into the theater with two teenagers nearly three months ago.

The theater manager reported that \$2440 worth of movie and sound equipment was taken, according to Sgt. Thomas Stewart of the Township CID.

\$2 to \$3 Share of Loot

Patrolmen Edward Ellison and Charles Haines, acting on a tip, picked up Isbert at his home at 11:30 last night. Under questioning by the two officers Isbert said he and his companions had sold the equipment in Philadelphia. He claimed that he got only \$2 or \$3 for his share of the loot.

Sgt. Stewart said one of the other youths named by Isbert had been arrested by Bensalem Township police Nov. 3 on a larceny charge and is at the county detention home. Bristol Township police will swear out a warrant against the youth and file detainers against him, Stewart said.

Third Suspect

The third suspect, Haines and Ellison reported, left home several days ago. They reported they will send out an alarm over the police teletype, for his arrest.

Isbert was committed to Bristol Borough jail overnight to await a hearing before JP Earl B. Dougherty, of Edgely, on charges of burglary and larceny.

Twp. Board

(Continued from Page One)

Kohl, the board authorized "the proper officials" to sign another contract with the school board for the continuation of the township joint recreation board. The present contract expires the end of the year. The school board has asked a meeting to discuss the recreation program.

The board also approved a request by Hal Letcort which would permit any commissioner to install a two-way, portable police radio in his car at his own expense. Letcort, who is chairman of the Safety Committee, had installed a radio in his car several weeks ago but he said he hasn't used it as a transmitter. He said the radio cost him about \$200.

The board also approved a plan to set up a series of one-way streets around St. Thomas Aquinas Catholic Church, off Route 13, in Croydon.

On the motion of Wayne Locke the board voted to pay the fourth quarterly payments to the township fire companies. Locke suggested the excess money allotted to the fire companies be divided equally. This, plus the quarterly payment, would amount to about \$2250, Locke said.

On his request for speedy action on the Expressway, Rogers said township residents would probably benefit more than anyone else. Most of the residents, he said work in Philadelphia.

Delhaas Sets Film Session

Delhaas High School students, with their parents and teachers, tonight will learn how their school board works at a movie showing and panel discussion in the school auditorium. The program will be the feature of the regular meeting of the Parent-Teacher Association.

The program will start at 8 o'clock with the film, "School Board in Action," followed by a discussion of the picture by members of the Delhaas Joint School board.

Ted Fagin, Delhaas senior, will report on his participation of the World Politics Discussion Group under the auspices of the PTA. In the ten-week course, sponsored by Temple University, he was the first high school student ever to be accepted as a participant.

homes. Kohl is an electrical contractor.

This was followed by Kohl's announcement he would file libel charges, but so far he has not taken any legal action. Kohl was chairman of the township's subdivision committee. Wiler turned this post over to James T. Dunlavy, who has served on the committee.

"No Hard Feelings"

Rogers said he had been informed that he would be removed from his committees prior to the meeting. He said the reason given was that he hadn't devoted enough time to the committees. "I agree with him on that. There are no hard feelings over my removal," Rogers said.

The two committees Rogers headed were Reclamation and Redevelopment, which included supervision of the township dump, and Industrial Development. The first committee was disbanded and the dump placed under the jurisdiction of the Health and Sanitation committee headed by Dunlavy.

Wiler said that either he or Lawrence Mervine will head up the industrial committee.

7-2 Vote

Solicitor Kraus' resignation was accepted by a 7-2 vote with two members abstaining. He still had one year to serve out of a two-year contract. He received \$8000 a year in the post.

His resignation stems from a dispute over his connection with the Bristol Motel, Inc., which is seeking to build an 85-unit motel on Green lane at Route 13 and the entrance to the turnpike.

Gil Kraus is an attorney for the firm. Township officials are reportedly considering rejecting the firm's request for a building permit and anticipate a court fight. On the basis of this, several commissioners reportedly questioned the solicitor about which side he would represent.

In his letter of resignation, Gil Kraus said "an attorney who may consistently be requested to prosecute cases upon principles which, in his judgement, are legally untenable, must, of necessity, reevaluate his own status and integrity. I have done so, and it is a source of regret to me that it becomes mandatory that I resign."

Gil Kraus, who came out of a 10-year retirement to accept the township post, recently opened a private law office in Doylestown.

from the Pennsylvania Hospital in Philadelphia, where he underwent surgery a few weeks ago. Mr. French returned to his home, 120 Lakeside drive, on Dec. 4.

Lt. and Mrs. Joseph Klause, 4 Locust lane, are happily announcing the arrival of a son on Nov. 17. The baby was born in the Naval Hospital in Philadelphia. He has been named Steven. Completing the Klause family is their vivacious three-year old daughter, Karen.

Mr. and Mrs. Marshall Spector stole a little of the limelight at their niece's wedding in Philadelphia on Nov. 27, for the Spectors were celebrating their 15th wedding anniversary on the same day. What a nice way to relive their own happy memories! The Spectors live at 31 Leisure lane.

The turn of the month found Mary Sloan, 313 Lakeside drive, busily recruiting Red Cross workers to aid in the special drive for Hungarian Relief. Among the Lakesiders who responded to her call were Peg Clark, 24 Laverder lane, and Betty Buchen, 528 Lakeside drive.

A special tip of Lakeside's cap to Mrs. Penny Paul, 25 Laurel lane. She is the soft-spoken woman who came to your doors collecting for the Muscular Dystrophy Drive. You couldn't have the wrong collector in mind, for Mrs. Paul was the only worker in the entire Lakeside section! She has been devoting two hours daily for a couple of weeks to get the job finished. Diligence of that sort surely deserves acknowledgment — nearly 400 doors re-

quire a lot of knocking for one pair of knuckles!

Ken Buchon celebrated a birthday described vaguely as "somewhere in the 30's" on Nov. 28. In honor of the occasion the following friends turned up to help him cut his birthday cake: Mr. and Mrs. Rollin White, Mr. and Mrs. Charles Mason, Mr. and Mrs. Lester Whitekettle, and Mr. and Mrs. Carroll Scott.

## Tax Battle Nears Over Annexation By Morrisville

Yardley's seething problems over Route 13 and the new Yardley bridge seem no closer to solution now than they were three weeks ago, Bucks County Planning Commission Director Franklin Wood indicated today.

At that time, Mr. Wood met with State Highway officials and representatives of Yardley to try to break down the impasse created over the proposed locations.

"We have not heard from the State on this matter since that time."

### Understanding

"It was our understanding that we would be consulted before any further action had been taken on the proposed locations by the State."

Mr. Wood indicated that the problems of the bridge and the extension will probably be treated as separate matters by the State.

"Most likely each will be decided as individual issues but certainly they are related and the

State will treat them as such. Actually, any two projects the State Highway department is working on are related even if they are miles apart."

### Site Selection

Indications are that a site for the Yardley bridge has been selected by the Bridge Commission.

The present battle pertains to the approaches of the bridge.

Yardley's Borough Council went on record this week as officially opposing the Commission's site for the new Yardley bridge. It had previously committed itself to fight the location of the Route 13 extension.

Yardley officials will meet shortly with representatives of the Delaware Bridge Commission to present written opposition to the bridge project.

Mr. Wood said the State has given him no indication when their final decision on the building projects would be reached.

## Bridge And Road Problems Still Face Yardley Boro

A strategic battle over tax income was shaping up today between the Borough of Morrisville and Falls township over the English property which was annexed to Morrisville Tuesday.

Indications were that Falls township would carry the battle to the courts to maintain control of the property.

The property is on the border between Falls township and the Borough of Morrisville along West Trenton avenue.

### Court Stuck

Morrisville Borough Council approved an ordinance allowing the land to be annexed to Morrisville. The ordinance must first be approved by the Quarter Sessions court before it becomes legal.

A spokesman for the John English Co., engaged in the manufacture of toy electric trains, said that the move was initiated by

the company for zoning purposes. "We are presently zoned in a residential area," he said. Falls township is unwilling to rezone the area commercial for us which prevents us from expanding.

"The company has hopes of growing and we feel that our

chances are better with Morrisville than with Falls township.

"Morrisville will zone the property as commercial. For us this means we can expand our operations on the present site of the business rather than making it necessary for us to move to another location if we wish to grow."

### Private Proposal

Morrisville secretary Bob Steward emphasized that the action for annexation was "initiated by Mr. English and not by the Borough of Morrisville."

Next step for Morrisville, now that the annexation ordinance has been approved, is to present the proposal to the courts for approval.

"Falls township has been notified," Mr. Steward said. "If they oppose the annexation, as I certainly feel they will, we'll hear about it in court when we move for approval," the secretary said.

## Pastor To Talk On Radio Show

The Rev. Clifford G. Pollack, pastor of the First Presbyterian Church of Morrisville will appear on WTTM's "Meaning of Christmas" program tomorrow at 6:45 p.m.

He will discuss with John Schneider, WTTM's host for the program, the importance of Christmas to the Christian religion and how people must always remember the true significance of the season.

## Unions Eye Low Paid White Collar Workers

WASHINGTON — UP — An AFL-CIO official said today "white collar" workers are lagging behind their "blue collar" brothers economically and are ripe for union organization.

Stanley H. Rittenberg, AFL-CIO research director, predicted at the opening session of a two-day conference on "the problems of the white collar workers" that eventually they will be "the largest single organized group of workers in America."

He told delegates from 72 industrial unions that white collar workers represent more than one of every three wage and salary workers and total perhaps 18 million persons. He said they are

the fastest growing portion of the labor force and are made up mostly of clerical, sales, and professional employees.

But, he said, the economic superiority of the white collar worker is a dying myth.

"During years past, the teller at the local bank was often considered a person to whom the manual worker paid deference," he said.

But he said the average bank teller today earns less than the average factory worker. He said the average factory production worker earns \$82 a week while the average wage in the retail trade is \$61 and in general merchandizing and department stores less than \$45 a week.

## Ambulance Driver Dies; Patient Flees

UPPER DARBY, Pa.—UP—An ambulance driver transporting a traffic accident victim to the hospital collapsed at the wheel Wednesday night and died a short time later in Delaware County Hospital.

John Vaughan, 21, of Upper Darby, was stricken while driving the patient to the same hospital. His helper, Edward Callahan, 17, said Vaughan called out, "I'm sick. I'm sick" and collapsed over the wheel of the moving ambulance.

Callahan managed to lunge across the front seat of the ambulance seconds before it would have rammed a utility pole and brought the vehicle to a jolting stop. When he had managed to move Vaughan away from the wheel he checked to see if the accident victim was all right and saw the man hobbling down the road.

Callahan said he shouted to the man, Ronald Jauch, 20, of Havertown, but Jauch continued on. Callahan then decided to drive Vaughan to the hospital where he was pronounced dead shortly after arrival.

Jauch, meanwhile, made his way back to the scene where he had been knocked from his motorbike by an auto driven by Pierson Law, 52, of Newtown Square. A spectator still at the scene noticed the injured man

and drove him to the hospital where physicians said he had a compound fracture of the leg.

Jauch said he became excited in the near-smashup of the ambulance and "wanted to go to my family doctor."

## Pole Workers Stir Nation

LONDON — UP — Polish steelworkers in Poznan - starting point for the wave of unrest sweeping the satellites - appealed to workers throughout the nation today to join them in condemning Soviet intervention in Hungary.

Representatives of 30,000 Polish steelworkers met in Poznan last night and climaxed a week of anti-Russian demonstrations in Poland with a demand the Russian troops in Hungary be replaced by United Nations or Warsaw Pact forces.

They forwarded their appeals today to other Polish workers and said they would send directly to U.N. Secretary General Dag Hammarskjöld their appeal for replacement of the Russians by an international police force.

Moscow radio almost ignored the unrest today and smothered Czechoslovakia with glowing slogans of eternal friendship.

Moscow radio broadcast a dispatch in the official Communist newspaper Pravda praising Czechoslovakia on the 13th anniversary of the Soviet-Czech friendship and alliance treaty. The flowing praise was notable in view of Czechoslovakia's denouncing of the Hungarian revolution.

A SUBWAY SCROOGE. NEW YORK — UP — Five subway workers serenaded rush hour crowds with Christmas carols Wednesday in a burst of underground seasonal spirit. Most scurrying riders in Grand Central Station liked it, but one commented: "What we need is good lights and clean trains — not this kind of baloney."

## Toothmans, Gooch Enjoy Hunting Trip

By Grace Cox  
WI 5-1174

Hi! Neighbors!

I would like to take this opportunity, during the season of "Peace on Earth, Good will to Men," to wish all my friends and neighbors a very merry Christmas and a happy, healthy and prosperous New Year.

Dewey Toothman, Frank Toothman, and Walter Gooch have been on one hunting trip and are planning another. Good luck, boys!

Birthday greetings to Mrs. Francis K. Knapp, Florence celebrated her birthday on Dec. 5. Many happy returns!

The Russell Snyders have returned from their trip to their respective home towns, which celebrated their 11th wedding anniversary.

A sincere welcome is extended to our newcomers Mr. and Mrs. Daniel Snyder, who recently moved into Bel-Aire.

Your correspondent and her husband, Tom, celebrated their 20th wedding anniversary on Nov. 23.

Many thanks to all our friends who sent their greetings and good wishes.

Mr. and Mrs. Emory Francis, their son, Johnny, and Mr. and Mrs. Norman Forney, Rose's brother and sister-in-law, Fairless Hills, were recent guests of Mr. and Mrs. Leonard Forney, another brother and sister-in-law of Rose's New Hampton, N.Y.

Mrs. Carl Keppley was the guest of honor at a stork shower given in the mobilehome of Mr. and Mrs. David Hines. Dorothy received many lovely gifts for the little newcomer, who is expected sometime in January.

A happy birthday, a little late, to Mrs. Harold Price. Joan celebrated on Nov. 26. Many happy returns of the day.

Mr. and Mrs. Thomas Kearns recently attended the wedding of Mr. and Mrs. Raymond Gallagher. They also attended the reception, which was held at the Edgeley fire hall. Mrs. Gallagher is the former Loretta Daniels.

Mr. and Mrs. Thomas Kearns spent Thanksgiving day in Bristol. They were dinner guests at the home of Florence's son and

daughter-in-law, Mr. and Mrs. John Goslin, 326 Wilson street.

Birthday greetings to Mrs. David Hines, Marlene celebrated her birthday on Dec. 2. Many happy returns.

A sincere welcome is extended to Mr. and Mrs. George Fornio and family, who recently moved into Bel-Aire with their mobilehome.

Congratulations to Mr. and Mrs. Jack Thomas. Jack and Connie celebrated their sixteenth wedding anniversary on Dec. 10.

Congratulations to Mr. and Mrs. Edward Bernard, who also celebrated their wedding anniversary on Dec. 10. Ed and Joyce were married nine years on that date.

A happy birthday to little Sharon Connors, who will be two years old on Dec. 15. Sharon is the daughter of Mr. and Mrs. Harley Connors.

Congratulations to Mr. and Mrs. Carl Keppley who have recently moved into their new Brentwood mobilehome.

Dec. 15 will be the first birthday for little Patrick J. Goslin, who is Mr. and Mrs. Thomas Kearns' grandson.

A happy birthday to Fred Royle Jr., who celebrates his natal day on Dec. 13.

Mr. and Mrs. David Keller have as their house guest, Mrs. Keller's mother, who recently arrived from Germany.

A sincere and happy birthday is wished for Mrs. Theodore Miles. Bonnie celebrates that very special day on Dec. 20. Many happy returns.

Belated, but nonetheless sincere, birthday greetings to Robert Barczy. Bob celebrated his birthday on Dec. 1 and is the oldest son of Mr. and Mrs. Alex Barczy.

A hearty welcome is extended to Mr. and Mrs. Alfred Swanson, who have recently returned to Bel-Aire. We are all most happy that Al's work brought him back into this area.

Evelyn and Al told your correspondent that the year they have been away from this area has been a busy one for them. They spent some time in Massachusetts, Connecticut, and Delaware. Hope their stay here will be a long and happy one.

## Jointure Plan Is Key For Borough Hall

A new Borough Hall for Morrisville, a civic dream for many years, may hinge on the outcome of the jointure proposal of the Pennsbury and Morrisville school systems.

Morrisville Borough Secretary Bob Steward said today that "School board officials will be approached on the idea of purchasing the Case school property if it becomes available."

### Awaits Outcome

Availability of the property depends entirely on the outcome of the jointure problem. If Morrisville approves the jointure the school property would "most likely" be vacated.

Dr. Theodore Hansen, Morrisville school board member, said, "The availability of the school depends on what happens with the jointure problem."

### Student Space

"The first concern is where the students from the school will be sent before we can entertain any idea of allowing the Borough to negotiate for the school."

The school is in the 200 block of West Bridge street, close to Robert Morris High school.

"If we can get the property," Mr. Steward said "we would like to have a municipal building which will house all functions of government under one roof."

### Together

"That would put the Borough Secretary's office, the police force, the fire office, and other branches of government in one building."

There are about 11 rooms in the Case school building that could be converted to offices.

## Auxiliary Plans Two Yule Parties

The Auxiliary of Sanford-Dileto Post 433, American Legion of Morrisville, plans two Christmas parties.

There will be a party for the Auxiliary 6:30 Tuesday night at the Post Home on West Bridge street. Dinner will be served, followed by an exchange of gifts and entertainment. Mrs. Frank Dameron and Mrs. Robert Cunningham are in charge and Mrs. Charles West is entertainment chairman.

Santa Claus will distribute gifts at 2 p.m., Dec. 22, at the annual party for children of the post. Reservations must be made by Saturday with Mrs. Dameron.

## Commissioner Ousted From Twp. Post; 'Conflicting Interests' Charge Is Made

### Hungarian Workers Quit After Arrests

BUDAPEST —UP— Hungary's workers partially extended their nationwide general strike today in reprisal for the arrest and threatened execution of two top labor leaders.

The 48-hour general strike was scheduled to end at midnight (6 p.m. EST) Wednesday. There was a brief return to work in several Budapest factories. But almost immediately the workers stormed out of the plants again in protest against the arrest of Sandor Racz and Sandor Bari, two of the strikers' top leaders.

Racz, president of the Central Budapest Workers Council which called the general strike, and Bari, his right-hand man on the council, were arrested yesterday.

The arrests were announced in a police communique broadcast by Budapest Radio last night. The same broadcast announced an addition to the martial law decree under which all offenders were liable to the death penalty.

Throughout Hungary it was believed Racz and Bari would be the first to be hanged as

"counter-revolutionaries" under the martial law decree.

Bacz and Bari had been safely hidden in striking factories until a government invitation summoned them to the parliament building to "negotiate."

### Levittown Party Set For Orphans

School Youngsters To Be Guests Dec. 23 Of Legion Auxiliary

A huge Christmas party is in store for youngsters from Scotland School, the American Legion home for orphans, when they arrive in Levittown.

Highlight of the party, to be held Sunday, Dec. 23 at the immaculate Conception Church social hall, will be a one-hour show presented by the Coyne Dance Studio of Croydon. The variety type show will feature 30 youngsters from the studio, Reedman Motors, Langhorne, is sponsoring the affair.

Mrs. Edward C. Stiver, 120 Gable Hill road, Golden Ridge, is general chairman of the party given by the Ladies Auxiliary of American Legion Post 960.

#### Beyond Expectations

What started out to be a plea for several families in Levittown to take youngsters into their homes during the holidays, mushroomed beyond all expectations.

Originally, Dr. Willard Stevens, superintendent of the school, asked Royce Bennett, 77 Gable Hill road, Golden Ridge, past commander of the post, to place a family of seven in homes for the holidays.

Over 600 calls were received (Continued on Page 3, Col. 3)

### Jack Robinson Is Sold To N. Y. Giants

Pitcher And Cash Given In Exchange For Hero Of 'Bums'

NEW YORK — UP — Jackie Robinson, one of the greatest heroes in Brooklyn Dodgers history, was traded to the New York Giants today for pitcher Dick Littlefield and an undisclosed sum of cash estimated at \$50,000.

Giants Manager Bill Rigney said he was "elated." He announced that the greying 36-year-old Robinson will play first base for the Giants next season.

A Giants spokesman revealed that President Horace Stoneham of the Giants and Walter O. Malley of the Dodgers "closed the deal" at the recent major league meeting in Chicago but the announcement was withheld because the executives wanted to reveal the news to the players first.

Robinson, first of his race to play major league baseball, thus will bring his fiery talents to the team against which he battled hardest during his spectacular career. A star performer for the Dodgers since 1947, Robinson carried on a constant feud with former Giants Manager Leo Durocher and always seemed to play his best against the Giants.

"We always regarded Robinson as the 'heart' of the Dodgers," the (Continued on Page 3, Col. 6)

### Twp. Board Seeks Action On Highway

Commissioners Ask Gov. Leader To Speed Expressway Work

The Bristol Township Board of Commissioners last night voted to ask Governor Leader to "expedite and clarify" the proposed Delaware Expressway.

On a motion by Commissioner Albert H. Rogers, the board voted unanimously to ask the governor to speed construction of the highway which would connect Lower Bucks County with Philadelphia.

At the same time, several commissioners expressed concern over the route of the proposed expressway. Commissioner Eugene Kehoe said there are four routes under consideration, with at least one passing directly through the heart of Croydon.

"We should ask the Governor to explain the route as soon as possible so we can allay the fears of the residents in the area," Kehoe said.

#### Request Exit

In other actions, the board voted to request an exit on the New Jersey side of the new Turnpike bridge over the river. The secretary was directed to write letters to the Pennsylvania Turnpike Commission, the New Jersey Turnpike Authority and the joint commission which operates the bridge, asking that the exit be erected.

### Lower Bucks Gets New Adult School

As an outgrowth of an international relations course at Pennington High School, Lower Bucks County will be the scene of an adult education school.

The new Institute for Adult Education, under sanction of the William Penn Center, will be a non-profit, privately controlled educational center for higher education. It will offer admission to all men and women genuinely interested in adult education, explained Marius Livingston, 40 Openwood lane, Levittown, director of the school.

The institute will offer courses on two levels, college and high school. Courses on the college level are organized into a planned program which will last two years with a

### Cold Snap Bodes Snow Or Sleet

A cold snap tonight changing this afternoon's rain to sleet or snow should make driving conditions very hazardous, the Weather Bureau at Trenton said this morning.

Today's forecast is for cloudy and mild with temperatures loitering into the high 50's.

As the thermometer goes down towards evening the rain will change into sleet or snow. The weatherman indicated that little accumulation is expected if it does snow.

### 'Political Baloney,' Kraus Says

By GORDON PARKER  
Courier and Times Staff Writer

Bristol Township Commissioner Rudolph Kraus was accused of illegally working on a township storm sewer project and removed from the highway committee last night by Board President Edward A. Wiler.

Rudy Kraus' removal was just one of a series of dramatic events which shook the Board of Commissioners. In other actions Gilbert J. Kraus, resigned as township solicitor, and Wiler removed two other commissioners from all committee posts. The solicitor's resignation is effective Dec. 31.

In announcing the removal of Commissioner Rudy Kraus, Wiler said Kraus "may be subject to ouster" from the board because of his job. Wiler explained that Kraus' firm, the Industrial Construction Corporation, repaved a number of streets torn up by the installation of the Croydon drainage ditch.

The township gave the contract for the project to Luther Mason, of Holland, Pa. Kraus worked for Mason under a sub-contract.

Rudy Kraus promptly branded the charge as "political baloney" and said he had a right to do the work. He added that he worked as a sub-contractor for the firm which laid the pipe. The work involved amounted to \$1000. Rudy said he would fight Wiler's action. After the meeting he said he would "seek legal advice to see what I can do. My integrity has been questioned."

Rudy Kraus, a Croydon Republican ran unsuccessfully for the State Assembly in last November's election.

#### At Kohli's Request

Wiler also announced that he was removing Elbert J. Kohli, Levittown Democrat, from all committee posts at his request. In addition Albert H. Rogers was removed from his two committee chairmanships.

In announcing the changes Wiler said "It is time for a new code of ethics on this board, call it the Wiler Code if you want, but I feel that on man should vote on any project in which he has a financial interest or which might affect any of his interests."

#### Letter Recd.

Wiler read a letter from Kohli in which the commissioner asked arrangement be made for "my temporary withdrawal from activities on various committees."

Kohli said he made the request because "my pending legal action against the libelous allegations directed against me by officials of Levitt and Sons, Inc." requires a great deal of time and effort.

William J. Levitt, head of the Levitt firm, has accused Kohli of attempting to blackmail him in an effort to obtain a contract for electrical work on Levittown (Continued on Page 3, Col. 8)

### Board Votes \$200 Raise In Township

Bristol Township Commissioners last night voted a \$200 pay raise for their successors.

The present commissioners receive \$600 a year, Edward A. Wiler, president of the board, explained that under the township code the commissioners can receive \$80, based on the census of 1950.

Actually, based on today's population, Wiler said the commissioners are eligible for \$1200 a year.

None of the present commissioners would benefit by the pay (Continued on Page 3, Col. 1)

### Pickets Shut National Tube Over Worker's Dismissal

The National Tube Division plant of the U. S. Steel Fairless Works was shut down today in a wildcat strike. The main central operations of the Fairless Works appeared unaffected by the walk-out.

Pickets at the Fairless Works gates, identifying themselves as members of Local 5030, AFL-CIO United Steelworkers Union, stopped all approaching cars and trucks. Only those headed for the National Tube plant were turned away, with others allowed to proceed.

The Division employs about 1000 persons, and would have been manned by some 350 for today's shift if the strike had not occurred. Some 200 union members met this morning at the hall on Union street, Morrisville. Neither the presiding officer nor those participating in the meeting would discuss the strike with a reporter.

The walkout apparently began (Continued on Page 3, Col. 5)

### Levittown Plumber Sentenced To Jail

A Levittown plumber was sentenced to 335 days in Bucks County Prison today by JP Earl B. Dougherty for failure to pay \$2230 in fines and costs for 67 violations of the Bristol township plumbing code.

Frank Messenger of 112 Everturn lane, Elderberry Pond, Levittown, was arrested last night on a warrant issued by Dougherty. He spent the night in Bristol Borough jail.

This morning Dougherty sentenced him to the county prison when he failed to pay the fine. The fine was levied against the plumber on Oct. 10 on charges brought by David Miller, township plumbing official. Miller claimed that Messenger used galvanized pipe for underground waste water drains, in 67 homes built in the Croydon Acres housing development.

Miller charged this was a violation of the new plumbing code. The code went into effect on July 1, 1956.

Dougherty gave Messenger 10 days to pay the fines. He had the plumber arrested last night because he had not made any effort to pay the fines and court costs in the two months since they were imposed.

### Good Evening!

UN cracks down on Russia.

A momentous occasion, it was, when the Assembly voted overwhelmingly on a United States-backed resolution condemning the Soviet's terror reign in Hungary, demanding that Moscow withdraw its armed forces from the freedom-hungry nation.

It may take time and patience but it begins to appear inevitable that ultimately the whole world will lower the boom on the Kremlin's outlaws.

Meantime, have you caught the significance of a couple of pretty important things happening right in our own back yard?

The federal government approves the Delaware Expressway from the Walt Whitman bridge to Morrisville and deepening of the Delaware river channel is already in its preliminary stages.

Those two great projects will mean much to Bucks county. Five years hence you'll know better what we mean.

Well, we see where 14 convicted Philadelphia murderers are asking the State Pardon Board for their freedom.

Don't bet a single nickel they won't get it, considering the awful performance of the Pardon Board during the past two years.

And Rudy Kraus is removed from the Highway committee of the Bristol township board of commissioners because of his firm's interest in township road work.

That seems a proper action by the commissioners and if it is motivated purely by respect for propriety and ethics then they deserve a little salute from the public.

If you don't believe there's a Providence, just watch some of today's automobile drivers and try to figure out what saves 'em.

Sometimes we think that a man who asks his wife for an opinion on anything just isn't paying attention.

Watch your driving.

## Plans Slated For March Of Dimes

Preparing to launch the 1957 March of Dimes campaign in Bucks County, the county chapter of the National Foundation for Infantile Paralysis today announced that it is paying for the medical and physical therapy treatment for three Lower Bucks residents stricken with paralysis, the only cases to occur this year in the county.

John Justus Bodley, assistant district attorney, will head the March of Dimes drive to be concluded in January.

### Back In Pulpit

Mrs. Joseph Howe, executive secretary of the County Chapter, said the Rev. Thomas McInnes, 29, pastor of the First Baptist Church of Newtown, has returned to the pulpit after being a patient at Lower Bucks County hospital. He was affected in the throat, and is still receiving therapy.

Eight-year-old Gordon Ennis, son of Dr. and Mrs. Gordon J. Ennis, Pennell, is receiving treatment in Trenton Orthopedic Hospital. The boy's parents are both osteopathic physicians.

George M. Lowmes, 35, of Newtown, receiving physical therapy at Abington Memorial Hospital, is able to come home week-ends, Mrs. Howe said.

### Drop In Cases

Citing the three cases as the only paralytic polio cases to break out so far this year in Bucks County, Miss Melvina Palmer, nursing director of the Bucks County Health Department, said there were 12 in 1955. The drop was attributed to the use of Salk vaccine.

"Contrary to common belief," Mr. Bodley said, "the March of Dimes is still a necessity, especially when considering that three polio cases were reported. The National Foundation for Infantile Paralysis has informed the nation that there is more than a sufficient supply of Salk vaccine for all," Mr. Bodley said. "Have you had your vaccine shots?"

## Car Rammed On Route 13

A Langhorne man looking for his glasses in the glove compartment of his car rammed the auto in front of him on Route 13 yesterday.

Bristol township police reported that Lester Pease, 49, of the Liberty Bell Trailer Park rammed the rear of the car of William Lamont, 37, of Huntingdon Valley near Cedar avenue.

Pease told police that he leaned over to take his glasses from the glove compartment of his car. As he did this, he explained to police, the light changed and he couldn't avoid hitting the car in front of him.

Police reported damage to Lamont's car was \$150 and damage to Pease's car was listed as \$100. Lamont received a summons for reckless driving. Neither driver was injured.

## Board Salary

(Continued from Page One)

increase unless reflected to another term, Wiler explained. The first commissioners to get the raise will take office in 1958.

The pay raise was passed by a 9-1 vote with Commissioner Albert H. Rogers voting against it and Fred K. Hibbs abstaining.

In January of 1954 an incoming Board of Commissioners attempted to raise the pay; however, the action was later ruled illegal. Since that time more members have been added to the board and many of the old members have been replaced.

## Seeing Levittown

By JIM ORT

One for the books! Five-year-old Kenny Kershaw, son of Mr. and Mrs. Samuel E. Kershaw, 91 Blueridge drive, a kindergarten pupil at the Levittown Kindergarten and Nursery, the other day asked his teacher how old she was. She replied, "I'm 25 years old." Kenny said, "You don't look that old." Her face brightened up, until he continued, "You look only 35."

Parishioners of St. Joseph's Worker Church are in the process of erecting a life size nativity scene in a stable in back of the Rectory on the Newportville-Fallsington road. The display will be completed by Saturday afternoon after which it will be open to the public every day from 9 a.m. to 10 p.m. until Jan. 6. Life size mannequins, colorfully dressed and life sized animals will be used in the display. It should prove to be very beautiful, especially in such a natural setting.

No fish story! V. J. Sheesley, 63 Noblewood lane, North Park, shot a 180-pound buck last week in Center county. Plans are to have the head mounted.

Seems that those attending the Levittown Players first presentation of "Three Men on a Horse", tonight can't help but pick a winner. Informed sources tell us that the dress rehearsal left nothing to be desired. That plus the fact that tonight's performance is under the auspices of the Fairless Hills Kiwanis club for their underprivileged children's fund makes it a first rate bet for parlay players.

## Phone Firm Cites Rates

The following is a statement issued by W. D. Gillen, president of the Bell Telephone Company of Pennsylvania:

"The 4.9 per cent increase in revenues allowed by the Public Utility Commission is grossly inadequate to enable us to provide our customers with the telephone service they need and want and for which we know they are willing to pay a fair price.

"Therefore, to keep faith with our customers in performing our service responsibilities, it will be necessary for us to obtain further increases in our rates at an early date.

"The \$13,400,000 increase in rates allowed by the Commission nets the company less than six million dollars after taxes.

"By any standard it must be obvious that our costs have gone up considerably more than 4.9 per cent since December, 1952, the date of our last rate increase. The wages we must pay and the cost of everything we buy have increased substantially more. Our dollars are the same kind of dollars that everyone else uses. They cannot be stretched to cover inflationary costs which are clearly in excess of the small increase in revenues allowed."

## Runaway Girl Returns Home

Caroline Lindsay, missing for more than a week, walked into Bristol township police Headquarters last night and explained her runaway by saying, "I just don't like to go to school."

Chief John Stewart said the girl apparently had been driven to the police office and advised to report herself as found.

The 15-year-old Croydon girl, who lives at 1111 Fourth avenue, told police officials that she had been "staying with friends" since she was last seen Dec. 4.

Chief Stewart said the girl will be detained today and sent to Doylestown Juvenile Probation officer Catherine Steed for further disposition.

Mrs. Eunice Lindsay, the girl's mother, said this morning that she "was happy" her daughter had been found but knew little of the details.

## Services Slated By Jewish Center

Regular Friday evening Sabbath services will take place at the Levittown Jewish Center Conservative Synagogue, 8:30 p.m. The services will be conducted by Rabbi William Fierwerker assisted by Cantor Louis Hershtman.

Following the services, Oneq Snabbat discussion group will take place. The topic will be "Religion in Public Schools." The discussion will center around encouragement of religious training in the church, school and home and joint Christmas and Chanukah celebrations in the schools.

Regular Sabbath services for adults will take place Saturday, 9:30 a.m. The children's service will begin at 10 a.m.

## Laugh Lines Parlayed Into Play Hit

By BILL WINTERS  
Courier and Times Writer

It looks as though the Levittown Players are off and running with a sure thing hit on a fast track in their 16th major production, "Three Men On A Horse."

In last night's dress rehearsal the cast parlayed a 1000 laugh lines into one big evening's chuckle as they worked out in a final tune up for three presentations to be given tonight, tomorrow and Saturday nights at the Little Theatre of the Walt Disney school, Lakeside section of Levittown.

### Thoroughbred Field

Heading the proven thoroughbred field are George Hopkins, Frank Murray, Bob Buxton, Joe Cagno, Frank Lombardi, Alisoa Yates and Bob Mulligan, a newcomer to area audiences by way of the Bronx and Burlington, N.J. Also entered in the 15-cast field are Lucille Fedeli, George Bennett, Doug Bott, Ben Podolsky, Shirley Glickman, Paul Studnia, Millie Otto and Adolph Mall.

The three-act comedy is set in the halcyon days of 1935 when "two on the nose" was a lot of money but the "Three Men On A Horse" play it to the hilt as they live for the big moment when a long shot comes home.

Post time for all three performances is 8:30 p.m.

The play is under the able direction of Lydia Bogane, Players "Oscar" winner for directing "My Three Angels" two years ago. She brings a wide background of theater experience to tonight's presentation that includes studying at the American Academy of Dramatic Art in New York and work with radio, television and the professional stage.

## Yule Party

(Continued from Page One)

from Levittowners offering to take the children into their homes.

Bennett said today that a maximum of 75 children, ranging in age from six to 18, will be brought here. They will arrive Saturday, Dec. 2, on a bus furnished by Warren Worthington, of Browns lane, Croydon.

The central meeting place will be the Emilie Methodist Church, Emilie-Fallsington road.

### \$161.20 Donated

At the present time, the legion posts have received \$161.20 in contributions toward defraying the expense of the bus service and the party.

The following donations were listed: \$50 from Robert Cameron, Newportville; \$35 from the Snowball Game Women's Club of Levittown; \$20 from Michael Ciansios, Landreth Manor, Bristol; \$16.20, extra funds from Legion Post No. 932; \$10 from Mrs. Temple, Levittown; \$5 from Monroe Bethman, 9th District Council of the Legion; \$5 from Lou Iannucci, Bristol; \$5 from Mrs. James King, Bristol; \$5 from Mrs. Partrycki, Croydon; \$5 from Mrs. Henwood, Levittown; \$3 from Mrs. Rumford, Levittown; and \$2 from Louis Pike, Levittown.

was relenting on its tough police state policy.

But as soon as the two men entered the parliament building, police placed them under arrest.

Meanwhile, Vienna reports said that fresh Soviet army divisions rolled into Hungary in open defiance of the United Nations.

The desperate strike of protest against the Kremlin-imposed government went on past its midnight deadline though Soviet tanks raged the factories and the hated secret police began rounding up strike leaders.

The UN General Assembly condemned Soviet intervention Wednesday night and demanded it withdraw its troops. But Russia was reported rushing new troops into Hungary as fast as a single track Carpatho-Ukraine railway can carry them.

Few details were available, but best estimates in Vienna were that up to three new Soviet divisions had been ordered to bolster the 12 to 15 divisions already in Hungary.

Fears were expressed here that Russia no longer was treating the revolt as a minor rebellion but was ready to launch an all out military campaign to wipe out the freedom fighters and break the general strike.

There were no signs that it ended Wednesday night after a violence filled day in which strikers hurled grenades against Soviet tanks and Hungarian Communist police. Scores of dead and injured were added to the thousands who have died for freedom.

be offered when the first classes begin on February 4 of next year.

In revealing the formation of the school, Livingston, a teacher at Pennsbury High School, explained he recently taught a course in international relations at the adult evening school. When the class first convened, four persons were on hand. By the time the course was nearly completed, ten persons attended classes. At completion the students were so enthusiastic they wanted to continue under private instruction. Out of this incident came the idea for a community college.

The school will work closely with business firms in the area in offering courses related to various aspects of department operation.

Although the complete roster of teachers has not been completed, a seven-man board of directors, including Livingston, has been organized and they will also serve as teachers.

On the board are: Walter J. Cobb, New Hope, recently returned from France where he served as educational advisor with the Philco Corporation; Andrea J. D'Angelo, Albert S. Harper, Arthur G. Kresbach, David G. Sherman, all of Levittown; and Fordyce E. Thorne, of Yardley. All are teachers at Pennsbury High School.

The fee is \$16 for all courses meeting once a week for two hours for 16 weeks.

The school year will be divided into three semesters a year including summer school. The first will begin Feb. 4 and end May 25. The second semester will be held from Jan. 28 to Feb. 1, at the William Penn Center.

Courses to be offered include: Accounting, bookkeeping, typewriting, business math, salesmanship, Spanish, elementary and advanced, Spanish Novel, French, elementary and advanced, modern French novel, 19th century

French literature, English, creative writing, German, elementary, German, scientific and commercial, international relations, contemporary history, world history, American history, European history.

Algebra (elementary and advanced), Geometry (plane and solid), analytic geometry, trigonometry, calculus (integral and differential), public speaking, drama, survey of French literature from the Middle Ages to the 19th century, Latin, Greek, English composition, American literature, English literature, and history of art.

on the midnight to 8 A. M. shift. It was reported that some 100 National Tube workers walked off their jobs at that time.

Steelworkers were stopped as they approached the plant to begin the 8 A. M. shift and asked to show their plant passes, with the National Tube workers asked to turn back. The pickets said the drivers were cooperating with their requests to stay out. The large picket line was later reduced to an effective handful of men.

A spokesman for the Fairless Works management said the company-union contract permits no negotiations on the dispute while the workers are out on a wildcat strike.

## Silver Lake Park Talks Scheduled

Plans for creation of a park in the Silver Lake area of Bristol Township will be discussed in Doylestown tonight at a meeting of the Bucks County Park Board with representatives of Borough Council and the township commissioners.

## Steel Local Session Ends With Police Being Called

PITTSBURGH. —UP— Leaders of a United Steelworkers rebel group have gone to the home local of USW president David J. McDonald for a candidate to oppose the international leadership in the union's February election.

The Dues Protest committee named Herman Mauti, 37, of Local 1272, Jones & Laughlin Steel Corp., to oppose Howard R. Hague for the union's vice presidency.

Edward Revak, Duquesne steelworker, pulled out as the committee's vice presidential candidate Tuesday. He accused the protest committee and its chairman, Don C. Rarick, of advocating a "soft union."

Rarick is the rebel candidate to unseat McDonald. Mauti must get the support of

40 locals before his name can be placed on the February ballot. Rarick yesterday claimed the support of 60 locals, more than enough to guarantee his place on the printed ballot.

A stormy debate erupted at Local 1408, National Tube Works, McKeesport, Pa., last night when a motion to nominate Rarick was introduced.

Local President John J. Donahoe refused to accept Rarick's name. He said McDonald had already been nominated. Donahoe said the vote was unanimous.

But leaders of the protest group charged the vote must have been taken when the microphones were turned off. In a scuffle for another vote, two police patrols had to be summoned and the meeting was adjourned.

## Executive Board Gives Plan OK

PITTSBURGH — UP — The United Steelworkers union has offered to sponsor the admission of 1,000 Hungarian refugees to the United States.

David J. McDonald, USW international president, said in a letter to Tracy S. Voorhees, President Eisenhower's special coordinator for Hungarian relief.

## Youth Held On Charges Of Burglary

An 18-year-old Croydon youth was arrested by Bristol Township police last night on charges of burglarizing the Ritz Theater, Route 13, Croydon.

The youth, Richard Isbert, of 816 Pennsylvania avenue, admitted breaking into the theater with two teenagers nearly three months ago.

The theater manager reported that \$2440 worth of movie and sound equipment was taken, according to Sgt. Thomas Stewart of the Township CID.

### \$2 to \$3 Share of Loot

Patrolmen Edward Ellison and Charles Haines, acting on a tip, picked up Isbert at his home at 11:30 last night. Under questioning by the two officers Isbert said he and his companions had sold the equipment in Philadelphia. He claimed that he got only \$2 or \$3 for his share of the loot.

Sgt. Stewart said one of the other youths named by Isbert had been arrested by Bensalem Township police Nov. 3 on a larceny charge and is at the county detention home. Bristol Township police will swear out a warrant against the youth and file detainers against him, Stewart said.

### Third Suspect

The third suspect, Haines and Ellison reported, left home several days ago. They reported they will send out an alarm over the police teletype, for his arrest.

Isbert was committed to Bristol Borough jail overnight to await a hearing before JP Earl B. Dougherty, of Edgely, on charges of burglary and larceny.

## Twp. Board

(Continued from Page One)

Kohli, the board authorized "the proper officials" to sign another contract with the school board for the continuation of the township joint recreation board. The present contract expires the end of the year. The school board has asked a meeting to discuss the recreation program.

The board also approved a request by Hal Lefcourt which would permit any commissioner to install a two-way, portable police radio in his car at his own expense. Lefcourt, who is chairman of the Safety Committee, had installed a radio in his car several weeks ago but he said he hasn't used it as a transmitter. He said the radio cost him about \$299.

The board also approved a plan to set up a series of one-way streets around St. Thomas Aquinas Catholic Church, off Route 13, in Croydon.

On the motion of Wayne Locke the board voted to pay the fourth quarterly payments to the five township fire companies. Locke suggested the excess money allotted to the fire companies be divided equally. This, plus the quarterly payment would amount to about \$2250, Locke said.

On his request for speedy action on the Expressway, Rogers said township residents would probably benefit more than anyone else. Most of the residents, he said work in Philadelphia.

### 7-2 Vote

Solicitor Kraus' resignation was accepted by a 7-2 vote with two members abstaining. He still had one year to serve out of a two-year contract. He received \$2000 a year in the past.

His resignation stems from a dispute over his connection with the Bristol Motel, Inc., which is seeking to build an 85-unit motel on Green lane at Route 13 and the entrance to the turnpike.

Gil Kraus is an attorney for the firm. Township officials are reportedly considering rejecting the firm's request for a building permit and anticipate a court fight. On the basis of this, several commissioners reportedly questioned the solicitor about which side he would represent.

In his letter of resignation, Gil Kraus said "an attorney who may consistently be requested to prosecute cases upon principles which, in his judgement, are legally untenable, must, of necessity, reevaluate his own status and integrity. I have done so, and it is a source of regret to me that it becomes mandatory that I resign."

Gil Kraus, who came out of a 10-year retirement to accept the township post, recently opened a private law office in Doylestown.

## Storm Sewers Are Urged

Meeting with the Township of Falls Authority recently, members of the Pennsylvania Heights Falls Park Civic Association protested the installation of sanitary sewer lines in the community.

However, the group has been urging the State to take action on the laying of storm sewer lines to eliminate a serious drainage problem in the area.

## Delhaas Sets Film Session

Delhaas High School students, with their parents and teachers, tonight will learn how their school board works at a movie showing and panel discussion in the school auditorium. The program will be the feature of the regular meeting of the Parent-Teacher Association.

The program will start at 8 o'clock with the film, "School Board in Action," followed by a discussion of the picture by members of the Delhaas Joint School board.

Ted Fagin, Delhaas senior, will report on his participation of the World Politics Discussion Group under the auspices of the PTA. In the ten-week course, sponsored by Temple University, he was the first high school student ever to be accepted as a participant.

homes. Kohli is an electrical contractor.

This was followed by Kohli's announcement he would file libel charges, but so far he has not taken any legal action. Kohli was chairman of the township's subdivision committee. Wiler turned this post over to James T. Dunlavey, who has served on the committee.

"No Hard Feelings" Rogers said he had been informed that he would be removed from his committees prior to the meeting. He said the reason given was that he hadn't devoted enough time to the committees. "I agree with him on that. There are no hard feelings over my removal," Rogers said.

The two committees Rogers headed were Reclamation and Redevelopment, which included supervision of the township dump, and Industrial Development. The first committee was disbanded and the dump placed under the jurisdiction of the Health and Sanitation committee headed by Dunlavey.

Wiler said that either he or Lawrence Mervine will head up the industrial committee.

## Rotary To Hear Talk On Color TV

Morrisville's Rotary club will hear a talk tonight on the latest developments in color television at their regular weekly session at Pennsbury Inn.

C. N. Hoyer, manager of the technical division of the RCA research laboratory at Princeton, N. J., will address the group.

More than 70 Rotarians are expected to attend the meeting which begins at 6:15 p.m.

from the Pennsylvania Hospital in Philadelphia, where he underwent surgery a few weeks ago. Mr. French returned to his home, 120 Lakeside drive, on Dec. 4.

Lt. and Mrs. Joseph Klaus, 4 Locust lane, are happily announcing the arrival of a son on Nov. 17. The baby was born in the Naval Hospital in Philadelphia. He has been named Steven. Completing the Klaus family is their vivacious three-year old daughter, Karen.

Mr. and Mrs. Marshall Spector stole a little of the limelight at their niece's wedding in Philadelphia on Nov. 27, for the Spectors were celebrating their 15th wedding anniversary on the same day. What a nice way to relive their own happy memories! The Spectors live at 31 Leisure lane.

The turn of the month found Mary Sloan, 313 Lakeside drive, busily recruiting Red Cross workers to aid in the special drive for Hungarian Relief. Among the Lakesiders who responded to her call were Peg Clark, 24 Laverder lane, and Betty Buchen, 528 Lakeside drive.

A special tip of Lakeside's cap to Mrs. Penny Paul, 25 Laurel lane. She is the soft-spoken woman who came to your doors collectin' gior the Muscular Dystrophy Drive. You couldn't have the wrong collector in mind, for Mrs. Paul was the only worker in the entire Lakeside section! She has been devoting two hours daily for a couple of weeks to get the job finished. Diligence of that sort surely deserves acknowledgment — nearly 400 doors re-

quire a lot of knocking for one pair of knuckles!

Ken Buchen celebrated a birthday described vaguely as "somewhere in the 30's" on Nov. 28. In honor of the occasion the following friends turned up to help him cut his birthday cake: Mr. and Mrs. Rollin White, Mr. and Mrs. Charles Mason, Mr. and Mrs. Lester Whitekettle, and Mr. and Mrs. Carroll Scott.

## Tax Battle Nears Over Annexation By Morrisville

Yardley's seething problems over Route 13 and the new Yardley bridge seem no closer to solution now than they were three weeks ago, Bucks County Planning Commission Director Franklin Wood indicated today.

At that time, Mr. Wood met with State Highway officials and representatives of Yardley to try to break down the impasse created over the proposed locations.

"We have not heard from the State on this matter since that time."

**Understanding**

"It was our understanding that we would be consulted before any further action had been taken on the proposed locations by the State."

Mr. Wood indicated that the problems of the bridge and the extension will probably be treated as separate matters by the State.

"Most likely each will be decided as individual issues but certainly they are related and the State will treat them as such. Actually, any two projects the State Highway department is working on are related even if they are miles apart."

**Site Selection**

Indications are that a site for the Yardley bridge has been selected by the Bridge Commission.

The present battle pertains to the approaches of the bridge.

Yardley's Borough Council went on record this week as officially opposing the Commission's site for the new Yardley bridge. It had previously committed itself to fight the location of the Route 13 extension.

Yardley officials will meet shortly with representatives of the Delaware Bridge Commission to present written opposition to the bridge project.

Mr. Wood said the State has given him no indication when their final decision on the building projects would be reached.

## Unions Eye Low Paid White Collar Workers

WASHINGTON — UP — An AFL-CIO official said today "white collar" workers are lagging behind their "blue collar" brothers economically and are ripe for union organization.

Stanley H. Rittenberg, AFL-CIO research director, predicted at the opening session of a two-day conference on "the problems of the white collar workers" that eventually they will be "the largest single organized group of workers in America."

He told delegates from 72 industrial unions that white collar workers represent more than one of every three wage and salary workers and total perhaps 18 million persons. He said they are the fastest growing portion of the labor force and are made up mostly of clerical, sales, and professional employees.

But, he said, the economic superiority of the white collar worker is a dying myth.

"During years past, the teller at the local bank was often considered a person to whom the manual worker paid deference," he said.

But he said the average bank teller today earns less than the average factory worker. He said the average factory production worker earns \$82 a week while the average wage in the retail trade is \$61 and in general merchandizing and department stores less than \$45 a week.

## Ambulance Driver Dies; Patient Flees

UPPER DARBY, Pa.—UP—An ambulance driver transporting a traffic accident victim to the hospital collapsed at the wheel Wednesday night and died a short time later in Delaware County Hospital.

John Vaughan, 21, of Upper Darby, was stricken while driving the patient to the same hospital. His helper, Edward Callahan, 17, said Vaughan called out, "I'm sick. I'm sick" and collapsed over the wheel of the moving ambulance.

Callahan managed to lunge across the front seat of the ambulance seconds before it would have rammed a utility pole and brought the vehicle to a jolting stop. When he had managed to move Vaughan away from the wheel he checked to see if the accident victim was all right and saw the man hobbling down the road.

Callahan said he shouted to the man, Ronald Jaunich, 20, of Havertown, but Jaunich continued on. Callahan then decided to drive Vaughan to the hospital where he was pronounced dead shortly after arrival.

Jaunich, meanwhile, made his way back to the scene where he had been knocked from his motorbike by an auto driven by Pierson Law, 52, of Newtown Square. A spectator still at the scene noticed the injured man

## Toothmans, Cooch Enjoy Hunting Trip

By Grace Cox  
WI 5-1174

Hi! Neighbors!

I would like to take this opportunity, during the season of "Peace on Earth, Good will Toward Men," to wish all my friends and neighbors a very merry Christmas and a happy, healthy and prosperous New Year.

Dewey Toothman, Frank Toothman, and Walter Gooch have been on one hunting trip and are planning another. Good luck, boys!

Birthday greetings to Mrs. Francis K. Knapp, Florence celebrated her birthday on Dec. 5. Many happy returns!

The Russell Snyders have returned from their trip to their respective home towns, which celebrated their 11th wedding anniversary.

A sincere welcome is extended to our newcomers Mr. and Mrs. Daniel Snyder, who recently moved into Bel-Aire.

Your correspondent and her husband, Tom, celebrated their 20th wedding anniversary on Nov. 23.

Many thanks to all our friends who sent their greetings and good wishes.

Mr. and Mrs. Emory Francisco, their son, Johnny, and Mr. and Mrs. Norman Forney, Rose's brother and sister-in-law, Fairless Hills, were recent guests of Mr. and Mrs. Leonard Forney, another brother and sister-in-law of Rose's New Hampton, N.Y.

Mrs. Carl Keppley was the guest of honor at a stork shower given in the mobilehome of Mr. and Mrs. David Hines. Dorothy received many lovely gifts for the little newcomer, who is expected sometime in January.

A happy birthday, a little late, to Mr. Harold Price. Joan celebrated on Nov. 26. Many happy returns of the day.

Mr. and Mrs. Thomas Kearns recently attended the wedding of Mr. and Mrs. Raymond Gallagher. They also attended the reception, which was held at the Edgeley fire hall. Mrs. Gallagher is the former Loretta Daniels.

Mr. and Mrs. Thomas Kearns spent Thanksgiving day in Bristol. They were dinner guests at the home of Florence's son and

## Jointure Plan Is Key For Borough Hall

A new Borough Hall for Morrisville, a civic dream for many years, may hinge on the outcome of the jointure proposal of the Pennsbury and Morrisville school systems.

Morrisville Borough Secretary Bob Steward said today that "School board officials will be approached on the idea of purchasing the Case school property if it becomes available."

**Awaits Outcome**

Availability of the property depends entirely on the outcome of the jointure problem. If Morrisville approves the jointure the school property would "most likely" be vacated.

Dr. Theodore Hansen, Morrisville school board member, said, "The availability of the school depends on what happens with the jointure problem."

**Student Space**

"The first concern is where the students from the school will be sent before we can entertain any idea of allowing the Borough to negotiate for the school."

The school is in the 200 block of West Bridge street, close to Robert Morris High school.

"If we can get the property," Mr. Steward said "we would like to have a municipal building which will house all functions of government under one roof."

**Together**

"That would put the Borough Secretary's office, the police force, the fire office, and other branches of government in one building."

There are about 11 rooms in the Case school building that could be converted to offices.

A happy birthday to little Sharon Connors, who will be two years old on Dec. 15. Sharon is the daughter of Mr. and Mrs. Harley Connors.

Congratulations to Mr. and Mrs. Carl Keppley who have recently moved into their new Brentwood mobilehome.

Dec. 15 will be the first birthday for little Patrick J. Goslin, who is Mr. and Mrs. Thomas Kearns' grandson.

A happy birthday to Fred Royle Jr., who celebrates his natal day on Dec. 13.

Mr. and Mrs. David Keller have as their house guest, Mrs. Keller's mother, who recently arrived from Germany.

A sincere and happy birthday is wished for Mrs. Theodore Miles. Bonnie celebrates that very special day on Dec. 20. Many happy returns.

Belated, but nonetheless sincere, birthday greetings to Robert Barczy. Bob celebrated his birthday on Dec. 1 and is the oldest son of Mr. and Mrs. Alex Barczy.

A hearty welcome is extended to Mr. and Mrs. Alfred Swanson, who have recently returned to Bel-Aire. We are all most happy that Al's work brought him back into this area.

Evelyn and Al told your correspondent that the year they have been away from this area has been a busy one for them. They spent some time in Massachusetts, Connecticut, and Delaware. Hope their stay here will be a long and happy one.

A happy birthday to little Sharon Connors, who will be two years old on Dec. 15. Sharon is the daughter of Mr. and Mrs. Harley Connors.

Congratulations to Mr. and Mrs. Carl Keppley who have recently moved into their new Brentwood mobilehome.

Dec. 15 will be the first birthday for little Patrick J. Goslin, who is Mr. and Mrs. Thomas Kearns' grandson.

A happy birthday to Fred Royle Jr., who celebrates his natal day on Dec. 13.

Mr. and Mrs. David Keller have as their house guest, Mrs. Keller's mother, who recently arrived from Germany.

A sincere and happy birthday is wished for Mrs. Theodore Miles. Bonnie celebrates that very special day on Dec. 20. Many happy returns.

Belated, but nonetheless sincere, birthday greetings to Robert Barczy. Bob celebrated his birthday on Dec. 1 and is the oldest son of Mr. and Mrs. Alex Barczy.

## Auxiliary Plans Two Yule Parties

The Auxiliary of Sanford-Dileto Post 433, American Legion of Morrisville, plans two Christmas parties.

There will be a party for the Auxiliary 6:30 Tuesday night at the Post Home on West Bridge street. Dinner will be served, followed by an exchange of gifts and entertainment. Mrs. Frank Dameron and Mrs. Robert Cunningham are in charge and Mrs. Charles West is entertainment chairman.

Santa Claus will distribute gifts at 2 p.m., Dec. 22, at the annual party for children of the post. Reservations must be made by Saturday with Mrs. Dameron.

## Bridge And Road Problems Still Face Yardley Boro

A strategic battle over tax income was shaping up today between the Borough of Morrisville and Falls township over the English property which was annexed to Morrisville Tuesday.

Indications were that Falls township would carry the battle to the courts to maintain control of the property.

The property is on the border between Falls township and the Borough of Morrisville along West Trenton avenue.

**Court Stuck**

Morrisville Borough Council approved an ordinance allowing the land to be annexed to Morrisville. The ordinance must first be approved by the Quarter Sessions court before it becomes legal.

A spokesman for the John English Co., engaged in the manufacture of toy electric trains, said that the move was initiated by the company for zoning purposes.

"We are presently zoned in a residential area," he said. Falls township is unwilling to rezone the area commercial for us which prevents us from expanding.

"The company has hopes of growing and we feel that our chances are better with Morrisville than with Falls township."

"Morrisville will zone the property as commercial. For us this means we can expand our operations on the present site of the business rather than making it necessary for us to move to another location if we wish to grow."

**Private Proposal**

Morrisville secretary Bob Steward emphasized that the action for annexation was "initiated by Mr. English and not by the Borough of Morrisville."

Next step for Morrisville, now that the annexation ordinance has been approved, is to present the proposal to the courts for approval.

"Falls township has been notified," Mr. Steward said. "If they oppose the annexation, as I certainly feel they will, we'll hear about it in court when we move for approval," the secretary said.

## Pastor To Talk On Radio Show

The Rev. Clifford G. Pollack, pastor of the First Presbyterian Church of Morrisville will appear on WTM's "Meaning of Christmas" program tomorrow at 6:45 p.m.

He will discuss with John Schneider, WTM's host for the program, the importance of Christmas to the Christian religion and how people must always remember the true significance of the season.
